

## Fairview 2002

We ran very well yesterday with a truck full of PRs and great performances. My only regret is that the course wasn't managed well for the Varsity race as dusk fell and visibility in the fog diminished. Your coach let you down on that one and consequently when several missed the turn at the 1.25 mile mark times suffered and Nelle was dq'd. This was a valuable lesson to me. Still we did run well. Many of the time drops were spectacular and you can see them below. Congratulations to all of you who PRd. Many others ran their best races of the season as well.

Now the fun really begins. We have built a fine training base. I am very proud of the work we have done in preparing for Super Meet and Sterling. The opportunity to run against the best competition in Iowa and ranked teams in Illinois lies ahead. Your own lofty ranking as the 11<sup>th</sup> best team in the nation is no mistake and now it is time to show everyone why.

Varsity		time	PR drop	JV (Cont'd)		time	PRdrop
