

Tipton 2005

This was a great way to start the season. The course was slightly different and the temperatures a little warmer than the year ago but after studying the results it appears fair to compare times to a year ago. The fresh/soph is getting stronger and was led by a fine effort from Lindsay. Several others showed outstanding time drops from time trials. The varsity is clearly well ahead of last year. I especially commend you on how you pushed the middle of the race. The Junior Varsity also had some spectacular improvements from a week ago and Clair raced herself on to Varsity. The season has just begun girls. It is going to be a very competitive season with good opposition every week. Make each day count and keep your eyes on the prize. Establish your goals. Aim high and keep up the good work!
